

POWERFUL ANTI-WRINKLE EFFECT

This blend of active ingredients provides essential nutrients to allow the skin to activate its **regenerating and restructuring processes**.

Specifically, the **vitamin C** present in ascorbic acid neutralises the free radicals through a powerful **antioxidant and photoprotective activity** that stimulates the creation of collagen and promotes skin repair.

The contribution of **vitamin A** to the formula, through Retinol, activates the **epidermal regeneration** processes and plays an important role in the renewal of the corneal layer.

The **hyaluronic acid** hydrates the skin and firms the tissues.

Moreover, the Action Face formula contains **SNAP 8, Argilerine and Leuphasyl**. These peptides **prevent the appearance of wrinkles** and have a **firming effect** on the skin. They are also known as **Botox effect ingredients** due to their flash effect action to prevent muscle contraction.

Therefore, with **Action Face** it is possible to improve the appearance of existing wrinkles, to activate free radical protection mechanisms, to give the skin back its elasticity and to achieve a more youthful appearance.

COMPOSITION

Aqua, Peg 35 Castor Oil, Ascorbic Acid, Retinyl Palmitate, Caprylyl Glycol, Glycerin, Tocopherol, Acetyl Hexapeptide-8, Acetyl Octapeptide-3, Pentapeptide-18, Arginine, Aspartate, Cobalt Gluconate, Copper Gluconate, Pyridoxine HCL, Valine, Zinc Chloride, Thiamine HCL, Propylene Glycol, Sodium Hyaluronate, Phenoxyethanol, Ethylhexylglycerine, Avena Sativa Kernel Extract

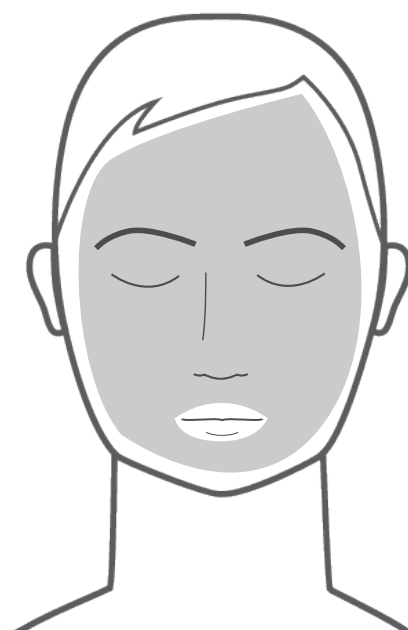

ACTIVE INGREDIENTS

Ascorbic Acid (Vitamin C), Retinol, Hexapeptide 8, Pentapeptide - 18, Snap 8.

TREATMENTS

Anti-aging, lifting, eye contour.
