

TONING AND REDUCING

The formula based on Artichoke extract in combination with Fucus seaweed and Horsetail extract offer a solution that has a **draining, diuretic and antioxidant effect**.

The key function of this product is to act as a **reducing agent** for anti-cellulite, reducing and localised fat treatments.

The benefits of Fucus seaweed are extremely varied, with particular mention of its ability to **reduce the accumulation of fats** and, as it contains vitamins C, E, B1 and, to a lesser extent, B12, it is an ingredient that **nourishes and protects** the skin and its vital functions.

Finally, Horsetail extract promotes a reduction in fluid retention, acting as a **powerful diuretic**.
